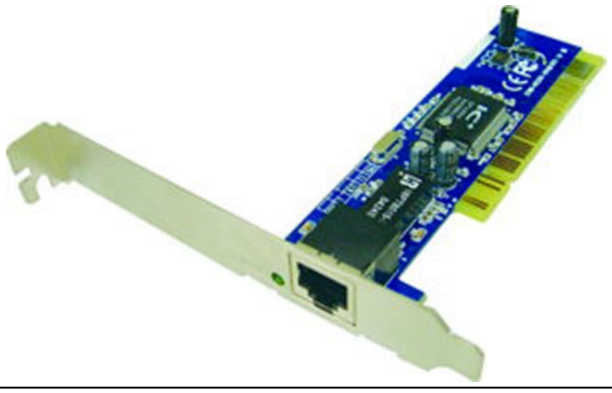
LCS-8038TXI
10/100 Mbit/s
32-bit PCI Card



The LCS-8038TXI is a standard 10/100Mbit/s PCI-Networkadapter. This card supports the most common Operation Systems.

Features:

- Complies with IEEE802.3/802.3u Ethernet and Fast Ethernet standards
- Complies with PCI Local Bus Version 2.2 Specification
- Bus Master Architecture for Datatransfer
- N-Way Auto-Negotiation mechanism for automatic recognition of network speed
- Supports Transmissions Modus (Full/Half-Duplex)
- LEDs for diagnostics
- Driver for Windows NDIS II, 98/ME/NTW“K/XP, NetWare, Linux, MAC

Specifications:

Standards:	IEEE 802.3 IEEE 802.3u IEEE 802.3x Full Duplex and Flow-Control
Chipset:	IC+ IP100A
Bus Interface:	32bit Bus Master, PCI 2.2
Port:	RJ-45
Plug-n-Play:	yes
Dimensions:	135mm x 121mm x 22mm
Workaround:	0° -50° C
Humidity:	10% - 90% (non-condensing)
Certificates:	FCC Class B, CE
Box contains:	PCI-Karte, Driverfloppy
EAN:	4016621004682
